

Ten Guidelines to Navigate Threats or Suspicious Incidents

- 1) For all emergencies, call 911 immediately, do not hesitate. Report as many details as possible to include what happened, exact location, time, vehicle license, description of individual(s) etc. If safe, take a photograph and/or record the incident and provide to law enforcement upon arrival.
- 2) If you see a police officer in the area do not hesitate to approach or flag down and report suspicious or threatening activity immediately.
- 3) Remember that 911 is the primary way to report suspicious or concerning behavior, even if it is not an emergency.
- 4) Report emergencies and suspicious behavior to the Jewish Federation of Greater Pittsburgh Security Team here after alerting 911.
- 5) If you see something or someone that is of concern, act as quickly as possible. Your quick action will help keep potential problems away from the community and may protect someone else.
- 6) Be on heightened alert and maintain situational awareness to identify potential danger.
- 7) Walk in pairs, especially after dark.
- 8) Know how to react to problems and emergencies, remember RUN HIDE FIGHT
- 9) Be alert to suspicious individuals and/or vehicles near Jewish facilities.
- 10) Talk to your children and teens about safety, encourage children and teens to trust their instincts. Teach them that if someone or something makes them feel uncomfortable, they should immediately walk away and alert an adult.
