## OVERVIEW

Amid a rise in antisemitism and inflation, our Jewish community needs support. With your help, we at the Jewish Federation can adapt to these ever-changing needs to build a safer, more inclusive world. By collaborating with our core partners, consisting of a group of Pittsburgh-based social service and education agencies, we ensure that funds raised through the Community Campaign reach those most in need.

For over 100 years, we've brought together resources to multiply the impact of every dollar raised, leveraging corporate, foundation and government sources to maximize our ability to build a vibrant and flourishing Jewish community.

The Community Campaign provides a backbone of support to local agencies, enabling them to positively impact our Pittsburgh community. The Campaign allows us to provide unrestricted dollars, the most important type of support, that allow us to address the most critical needs in our region. The Campaign also funds Jewish Federation's services to the greater Pittsburgh community, including strengthening community relations; heightening security; providing a variety of health and safety related trainings; and other programs that maximize impact.
