

Dear

As a member of the Pittsburgh Jewish community, I am writing to ask you to continue to support of the State of Israel and use your leadership role towards aiding in the immediate release of 120 people who are being held hostage by Hamas, some of whom are American citizens. While these hostages are being held and Hamas continues to inflict terror in Israel and its people, a ceasefire cannot be possible. We appreciate your support thus far and implore you to continue to do everything in your power to continue supporting the vulnerable populations in the region.

Thank you,

Pittsburgh Jewish Community Member
