

The Honorable Rachael Heisler
City Controller, Pittsburgh
414 Grant Street
Pittsburgh, PA 15219

Dear Ms. Heisler,

As a member of the Pittsburgh Jewish community, I want to express my heartfelt gratitude for doing the right thing and officially challenging the proposed referendum in your role as City Controller. This clearly antisemitic referendum would prevent the City of Pittsburgh from doing business with entities that do business with Israel.

This referendum is a direct threat to the operations and security of Jewish and non-Jewish institutions and businesses across Pittsburgh. Thank you for defending the entire community against this attack and ensuring that Pittsburgh remains a place where all can live, worship and conduct business in peace and security.

Thank you for continuing to be an ally in this important fight. We are grateful for your leadership.

Sincerely,
